After that he worked for KPMG Meijburg & Co as senior VAT advisor. In that capacity he gained extensive experience in the broad area of VAT advising. Geert feels at home in the not for profit and real estate sector. Furthermore he has experience in international tax services and supply chain issues.

Geert enjoys tackling tax problems in good cooperation with his client and solve them satisfactorily. A pleasant relationship with his client is important to him. One of Geert's strengths is guiding the client (in the broadest sense) in their VAT problems to achieve satisfactory results.
